

# **Aurora Percussion Duo - Delia Stevens and Le Yu**

*Rhythmic Unity – A World of Percussion*

**7th December 2019**

The Aurora Percussion Duo have made it their mission to redefine the art of percussion; they performed a dynamic recital of spellbinding percussion music, ranging from hypnotic hang drum to the thunder of taiko drumming, from marimba duo to mime.

They also ran a fantastic *junk percussion* workshop for all ages and abilities. The audience were encouraged to bring any household items and turn them in to percussion instruments.

## **Kate Symonds-Joy, Pelléas Ensemble,**

## **Aurora Duo & friends**

**8th December 2019**

The fantastic mezzo-soprano Kate Symonds-Joy was joined by two award winning chamber groups, plus Max Mausen & Richard Tunnicliffe for a programme which centred around the Berio Folk Songs. We performed various 20th & 21st century works for unusual combinations of instruments, plus Richard's own arrangement of pieces by Henry Purcell.

We were delighted to have a backdrop specially painted for the occasion by local artist Malcolm Temple.
